

DATA SHEET

cement design®

Product: DAILY CLEANER

Ref.: DC-10 , DC -5

DESCRIPTION

Product made based on top quality surfactants and waxes for the maintenance and conservation of crystallized or polished floors.

USES

Specially developed for the maintenance of crystallized or polished floors.

PREPARATION

Mix 100 c.c. of product in 5l. of water. Apply the solution on the floor to be treated, with a mop. Let dry. Once dry, the floor will shine on its own.

CONSERVATION AND STORAGE

Store in the original container tightly closed, keeping it from cold and intense heat. Avoid freezing. Do not expose it to direct solar radiation.

FORMATS

DAILY CLEANER	
Ref.	Format
DC-10	10 l.
DC-5	5 l.

TECHNICAL SPECIFICATIONS (internal quality tests)

Physicochemical properties

	DAILY CLEANER
Physical form	Translucent liquid
Color	Blue
Smell	Fresh floral
Density (kg/ m³)	997 – 1001 kg/m³ G
pH	7,5 - 8,5 G

SAFETY AND HANDLING

ATTENTION. Causes serious eye irritation. Wash hands thoroughly after handling. Wear gloves/goggles. IN CASE OF EYE CONTACT: Rinse cautiously with water for several minutes. Remove contact lenses, if worn and easy. Continue clarifying. If eye irritation persists: Consult a physician. Do not eat. Keep out of reach of children. PROFESSIONAL USE.

The recommendations and technical data reflected in this data sheet are based on laboratory tests and our experience in practice, declining all responsibility for consequences derived from improper use. Date: August 2016. Version: 1.0
