RENOMATIC CLEANER LIMPIADOR

Product:

DESCRIPTION RENOVADOR

Self-shine emulsion made with acrylic polymers and top quality waxes, for marble and terrazzo floors, rubber, plastic and linoleum floors.
Ref.: RTC-10, RTC-5

USES

Specially developed for hard floors, where great durability and resistance to traffic are required. Maximum level of shine and protection to the treated surface. Indicated for maintenance with both a mop and a high-speed rotary machine

PREPARATION

- Clean the surface to be treated with R-REMOVE to remove dirt and any remaining previous wax. Let dry.
- Apply the RENOMATIC CLEANER directly to the floor and spread in a thin and uniform layer, with a polisher or mop.
- Let dry (depending on humidity, porosity...) a minimum of 30'. Apply the 2nd layer perpendicular to the 1st.
- In particularly porous soils, a previous sealing with CV COVERTECH is advisable.

CONSERVATION AND STORAGE

Store in the original container tightly closed, keeping it from cold and intense heat. Avoid freezing. Do not expose it to direct solar radiation.

FORMATS

RENOMATIC CLEANER LIMPIADOR RENOVADOR

Ref.

RTC-10
RTC-5

Format

10 l.
5 l.

TECHNICAL SPECIFICATIONS (internal quality tests)

Physicochemical properties

RENOMATIC CLEANER LIMPIADOR RENOVADOR

Physical form

Translucent liquid '1

Color

White

Smell

Characteristic

Density (kg/ m³)

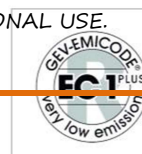

1033 - 1037 kg/m³ '1

pH

7,5 - 8,5 '1

SAFETY AND HANDLING

Do not eat. Keep out of reach of children. Safety data sheet can be requested. PROFESSIONAL USE.

Arplus®
